- The eleven steps for C&C preparation, implementation, and evaluation
- How to implement C&C with fidelity
- The role of the C&C coordinator
- The role and expectations of the C&C mentor
- C&C mentor competencies and skills

Who should attend

Host a training

If you have less than 10 staff to train and would like to host an open enrollment Check & Connect training in your city, email us at checkandconnect@umn.edu or call toll-free +1 (866) 434-0010.

Training materials

Participants receive a copy of the Check & Connect manual, printed resource materials, and access to electronic implementation forms.

The Check & Connect implementation manual walks readers through the Check & Connect implementation process, outlining the key components, describing the steps of implementation, and presenting the underlying theories and research, including

the four types of student engagement (academic, behavioral, cognitive, and affective) and the importance of intervening both directly with students and indirectly through enhancing students' home and school contexts. Additionally, the manual provides guidance on options for implementing Check & Connect with fidelity to its principles and strategies, while also responding to local school and community contexts.

Training Fee

\$625 per participant, or **\$595** if registering by early bird deadline.

(See website for registration deadlines.)
